

ABEY LIGHTBEAM SKYLIGHTS

Wake up those sleepy dark zones of your home with natural light and ventilation with a stylish, Abey Climate Control Lightbeam®. Let a breath of fresh air into your home, keep out the cold or expel the heat. With Abey's innovative climate control system, you can choose to ventilate your room or close it up, nice and snug.

Abey Lightbeams® will help brighten up those dull corners of your home with natural light all year round.

Looking more like an expensive lightbeam, than a skylight, Abey Lightbeams® come in a range of sizes to suit all types of rooms and applications on all roof types.

And With Abey Lightbeams® Climate Control you can choose to ventilate those musty smells, condensation and stale Warm air from your rooms by a simple adjustment of the diffuser fitting - voila!

Install a row of mini Lightbeams down that long dark hallway or light up your dreary bathroom and watch the transformation. Cheer up that dull kitchen area or shed a little light into that walk in robe or pantry - where there's light there's hope for a dark room with Abey Lightbeams®
