ARCHITECTURAL FABRICATIONS

We are keen to help you with quotations and manufacture of frames, supports or features. We have proven experience in welding fabrication work in Steel, Stainless steel, Brass, Aluminium, Colorbond, Copper and Alucobond.

We design from on site measurements and complete each task to your requirements. We can combine other materials into the design, eg: marble, glass, acrylic, polycarbonate and electrics.

Akron achieves customer satisfaction by being imaginative with our ideas, Creative with our skills and resourceful with our materials. We are members of the Skylight Industry Association and Australian Industry Group. And are proud to be leaders in this area of the construction industry.
